

# Hay, grain and bedding may not be fancy gifts, but they're perfect for our horses!

One thing we love about the horses - they never want any fancy gift wrap and they never want to exchange an item for a different color or size. They are so appreciative to receive good food and have nice clean bedding.

Mmmmmm ....  
yummmmm....  
hay!

Oops .... sorry. Was I being rude with my head in the hay? It's just that when you send hay for the holidays, I forget myself. so THANK YOU!!!

- 2 bales \$10.00 Feeds 3 - 4 horses for one day
  - 5 bales \$25.00 Feeds 7 - 10 horses for one day
  - 7 bales \$35.00 Feeds 10 - 14 horses for one day
  - 10 bales \$50.00 Feeds 14 - 20 horses for one day
  - 15 bales \$75.00 Makes everybody VERY happy and full!
  - Dinner & Dessert \$100.00 Hay for everyone and carrots and apples for dessert!
  - 1 Bag \$22.00 Whatever grain we are most in need of
  - 5 bags \$100.00 Super-Saver grain special!
  - Bedding \$21.00 Enough for one stall change (average)
- Note: Horses may eat 1/2 - 1 bale per day depending on the size of the bale

We use plenty of grain, especially for the horses who are older, have digestive issues or other medical problems and, of course, we feed more in the winter when it's cold. Grain has now gone up to \$22 per bag for most of what we feed. (But we are offering a special savings grain donation of 5 bags for \$100!)  
For bedding ... it typically takes 3 - 5 bags of bedding to strip and refresh just one stall depending on the bedding needed. That's an average of \$18 - \$24 PER STALL! (And despite careful mucking, the messier horses do push up the cost.)

## Can you help?

Whatever item(s) you donate are truly needed and go directly to the horses. This is a gift that is always appreciated - so much so that you may hear "thank you" whinnies from your house!
