

If you'd like to help feed the Mylestone horses in addition to your Gift Sponsorship, or as an alternative way to make Valentine's Day last for all the horses, you can give the gift of a meal and purchase bags of grain.

Different horses eat different types of grain according to their needs, so we've listed the kinds of grain we feed and who eats it.

Please check off whatever feed items you'd like to give to the horses who eat it, and add the amount to Total Enclosed on the reverse side.

Mylestone faces increases in costs in every area of operation, so your gift is an even more special donation to the horses than ever, and greatly appreciated.

**Note: Grain may not be given as a gift for another - this is YOUR gift to the horses!!**

*Special Opportunity to help our horses feel their best*
